Agora Terms and Conditions of Use

Welcome to Agora, a service operated by Sage Bionetworks, an IRS 501(c)(3) public charity ("**Sage Bionetworks**," "**we**," or "**us**"). These Terms and Conditions of Use ("**Terms**") are a binding legal agreement between you and Sage Bionetworks regarding your use of Agora, Sage Bionetworks' web-based platform

for providing access to analytical results and analyses from the Accelerating Medicine Partnership Alzheimer's Disease research consortia ("**Agora**" or the "**Service**").

Please read these Terms carefully. By using Agora, or downloading or using any genomic, molecular, phenotypic and/or other data from human or non-human sources ("**Data**"), any algorithms, tools, and other software code in source or object form ("**Software**"), or any other information and content (such content, including Software, is referred to in these Terms as "**Content**") available on or through Agora, you agree to be bound by these Terms and use Agora and all Data and Content in compliance with these Terms. If you are using the Service on behalf of a company or other legal entity, you represent and warrant that you have the legal authority to bind such company or entity to these Terms.

In addition, when using certain features of Agora, you also will be subject to the guidelines, terms, and agreements applicable to such features ("**Policies**"). For example, the Agora [Privacy Policy](#) describes the personal information Sage Bionetworks collects in connection to Agora, and how we use and disclose such information. All such Policies, including the Agora Privacy Policy are incorporated by reference into these Terms. Material changes to these Terms will be effective 30 days from posting of such change ("**Effective Date**"). We encourage you to review the most recent version of the Terms frequently and remain informed of any changes to these Terms. If you continue to use Agora after we modify these Terms, you will be deemed to have consented to terms of the modified agreement for your use of Agora as of the date of the modification. SUBJECT TO APPLICABLE LAW, THE SERVICE (INCLUDING ITS CONTENT AND DATA), ANY USER MATERIALS, AND ANY THIRD-PARTY CONTENT, SOFTWARE, SERVICES OR APPLICATIONS MADE AVAILABLE ON OR THROUGH OR IN RELATION TO THE SERVICE, ARE PROVIDED ON AN **"AS IS," "AS AVAILABLE," "WITH ALL FAULTS"** BASIS WITHOUT REPRESENTATIONS OR WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IN TERMS OF CORRECTNESS, ACCURACY, RELIABILITY, OR OTHERWISE, OTHER THAN THOSE THAT ARE REQUIRED BY APPLICABLE LAW. YOUR USE OF THE SERVICE, INCLUDING, WITHOUT LIMITATION, YOUR USE OF ANY CONTENT OR DATA ACCESSIBLE ON OR THROUGH THE SERVICE (INCLUDING USER MATERIALS), IS AT YOUR SOLE RISK.

TO THE FULLEST EXTENT PERMISSIBLE PURSUANT TO APPLICABLE LAW, SAGE BIONETWORKS AND ITS OFFICERS, DIRECTORS, LICENSORS, AND SUPPLIERS, HEREBY DISCLAIM ALL EXPRESS, IMPLIED AND STATUTORY WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM SAGE BIONETWORKS, ANY EMPLOYEE OR REPRESENTATIVE OF SAGE BIONETWORKS OR THROUGH THE SERVICE WILL CREATE ANY WARRANTY NOT EXPRESSLY STATED IN THESE TERMS. SAGE BIONETWORKS AND ITS OFFICERS, DIRECTORS, LICENSORS, AND SUPPLIERS DO NOT WARRANT THAT THE SERVICE OR ANY PART THEREOF, OR ANY CONTENT OR DATA (INCLUDING USER MATERIALS) AVAILABLE THROUGH THE SERVICE, WILL BE SECURE, UNINTERRUPTED, OR FREE OF ERRORS, VIRUSES OR OTHER HARMFUL COMPONENTS, AND DO NOT WARRANT THAT ANY OF THE FOREGOING WILL BE CORRECTED. SOME JURISDICTIONS MAY PROHIBIT A DISCLAIMER OF WARRANTIES AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

TO THE FULLEST EXTENT PERMISSIBLE PURSUANT TO APPLICABLE LAW, SAGE BIONETWORKS OR ITS OFFICERS, DIRECTORS, LICENSORS, OR SUPPLIERS WILL NOT BE LIABLE TO ANY PARTY UNDER THESE TERMS OR OTHERWISE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OR ACCESS OF OR INABILITY TO USE OR ACCESS THE SERVICE OR ANY CONTENT OR DATA (INCLUDING USER MATERIALS) MADE AVAILABLE THROUGH THE SERVICE, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, DATA, OR OTHER INTANGIBLE LOSSES (EVEN IF SAGE BIONETWORKS OR ANY SUPPLIER OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF THESE DAMAGES).

APPLICABLE LAW MAY NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY OR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS IN THIS SECTION MAY NOT APPLY TO YOU. IN SUCH CASES, YOU AGREE THAT BECAUSE SUCH WARRANTY DISCLAIMERS AND LIMITATIONS OF LIABILITY REFLECT A REASONABLE AND FAIR ALLOCATION OF RISK BETWEEN YOU AND SAGE BIONETWORKS, AND ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN YOU AND SAGE BIONETWORKS, SAGE BIONETWORKS' AND ITS LICENSORS' AND SUPPLIERS' LIABILITY WILL BE LIMITED TO THE MAXIMUM EXTENT PERMITTED BY LAW.

EACH PROVISION OF THESE TERMS THAT PROVIDES FOR A LIMITATION OF LIABILITY, DISCLAIMER OF WARRANTIES, OR EXCLUSION OF DAMAGES IS TO ALLOCATE THE RISKS UNDER THESE TERMS

BETWEEN THE PARTIES. THIS ALLOCATION IS AN ESSENTIAL ELEMENT OF THE BASIS OF THE BARGAIN BETWEEN THE PARTIES. EACH OF THESE PROVISIONS IS SEVERABLE AND INDEPENDENT OF ALL OTHER PROVISIONS OF THESE TERMS. THE LIMITATIONS IN THIS SECTION WILL APPLY EVEN IF ANY LIMITED REMEDY FAILS OF ITS ESSENTIAL PURPOSE TO THE EXTENT PERMITTED BY APPLICABLE LAW.

14. Electronic Communications

To the extent authorized by applicable law, by using the Service, you consent to receiving electronic communications from us. These communications may include notices about your account and information concerning or related to the Service. You agree that any notices, agreements, disclosures, or other communications that we send to you electronically will satisfy any legal communication requirements, including that such communications be in writing. If you are located in the European Union, we will not send you marketing communications by electronic means unless authorized by law or provided that we have obtained your prior opt-in consent.

15. General Legal Notices

Our failure to act in a particular circumstance does not waive our ability to act with respect to that circumstance or similar circumstances. Any provision of these Terms that is found to be invalid, unlawful, or unenforceable will be severed from these Terms, and the remaining provisions of these Terms will continue to be in full force and effect. The section headings and titles in these Terms are for convenience only and have no legal or contractual effect. Any provision in these Terms that by its nature should survive the termination of your license to access the Service or any termination of these Terms (including, without limitation, provisions governing indemnification, limitations on liability, disclaimers of warranty, and ownership of intellectual property) will continue to remain in full force and effect after any such termination.

To the extent permitted by applicable law, these Terms are governed by the laws of the State of Washington, excluding conflicts of law principles, and any controversy or claim arising out of or relating to the Service or these Terms must be commenced within one year after the claim arose and will be settled by binding arbitration in accordance with the commercial arbitration rules of the American Arbitration Association. Any such controversy or claim will be arbitrated on an individual basis, and will not be consolidated in any arbitration with any claim or controversy of any other party. The arbitration will be conducted in King County, Washington and judgment on the arbitration award may be entered into any court of competent jurisdiction. The award of the arbitrator will be final and binding upon the parties without appeal or review except as permitted by Washington law. Either party may seek any interim or preliminary injunctive relief from any court of competent jurisdiction, as necessary to protect the party's rights or property pending the completion of arbitration. If, under local law, you are able to bring a claim in the court of a country other than the U.S., the laws of the State of Washington, excluding conflicts of law principles, will apply to the claim.

These Terms, including all Policies, constitute the entire agreement between you and Sage Bionetworks concerning Agora, as well as all Content and Data available on or through Agora. These Terms supersede

all prior agreements or communications between you and Sage Bionetworks regarding the subject matter of these Terms.

Agora Privacy Policy, Effective Date: July 19, 2018

Introduction & Definitions

Sage Bionetworks is helping researchers worldwide do better science together by enabling a collective approach to information sharing and analysis. We (Sage Bionetworks) have built a web-based platform ("Agora") where researchers can access data and analyses to co-analyze, learn from, and improve knowledge of health and disease. Sage Bionetworks acts as steward for the content available through Agora. Agora Users are responsible for the processing of the Data they submit to and/or share through Agora.

This Privacy Policy explains how we protect personal information received, used, and disclosed by users ("Visitors") of Agora.

Agora can house genomic, molecular, phenotypic, and/or other data from human or non-human sources and other information (collectively "Data"). Agora also houses information ("Information") about Users and Visitors.

The governance process under which Data is used and shared within Agora represents our (Sage Bionetworks') committed effort to safeguard the security and protect Data in Agora. Please read this Privacy Policy carefully. By using Agora, you agree to the Agora governance framework, including this Privacy Policy.

Information We Collect

When you use Agora, you may provide to us and/or we may collect personal information about you and your activity on Agora. Personal Information is any information that reasonably can be linked to you such as your name and contact information.

In general, Visitors can browse the content in Agora. We collect Information from Visitors and Users of Agora:

Web data: Like most websites, we collect technical information on how Visitors and Users use Agora. Such information includes date, time, pages and services consulted, browser or client type, IP addresses, how you have found our site on the Internet, and other Service usage patterns. For details, please read the COOKIE section of this Privacy Policy.

Some sections of Agora and access to some content are granted only to Registered Users. The types of Information we collect from Registered Users are:

User information: We collect Information that you provide to us for account registration and authentication, including but not limited to your name, email address, username and password. We also collect Information when you update or change your account, participate in our public project forums, and send us email messages. If you send us email or otherwise communicate with us, we may keep a copy of that communication. We may also collect documentation intended to verify User's credentials such as letter from signing official, notary or other official documents which may contain Personal Information. Non-personally identifiable sections of these documents may be snapshotted and User's qualification status may be displayed publicly as part of the User profile.

Linked accounts: Any Registered User may elect to link their Agora profile to their social media account(s) (e.g. LinkedIn) or researcher credentialing web services (e.g., ORCID). If a user chooses to link their account(s), the amount of visible information posted on User's Agora profile will depend on the privacy settings of those outside accounts. By authorizing Agora to connect with an outside account, you authorize Sage Bionetworks to access and store all information that that service makes available to us in accordance with your consent, and to use and disclose it as we describe in this Privacy Policy.

User activity information: Projects hosted on Agora are meant to be developed collaboratively. Any User not otherwise restricted from doing so can share project content with other Users by creating, uploading, editing, and analyzing Data into shared project workspaces on Agora. By doing so Users create a record of their activities and they are identified as the author of these activities ("User Activity Information"). These interactions reveal usernames and possibly other personal information voluntarily provided by Users, such as posts, comments, research details and interests, as well as contact information. We may collect and display aggregate User Activity Information as part of a public page.

Forum information: Sage Bionetworks encourages dialogue and feedback from Users through a web interface forum where concerns, issues and suggestions can be posted, reviewed, and assessed. Usernames are associated with these comments. Information that you post on public forums are publicly available. You should not include information of a personal or sensitive nature, whether related to you or another person, on a forum.

For details about retention of personally identifiable information consult the DATA RETENTION section.

Project Content

Project Content posted on Agora is the responsibility of its contributor.

Contributors must take reasonable steps to ensure that all Data derived from human samples is key-coded and de-identified such that it no longer constitutes personal information. In general, human Data must be de-identified by the data contributor (or verified as being already de-identified) prior to being included in Agora using the United States Health Insurance Portability and Accountability Act of 1996 ("HIPAA privacy rule" or "HIPAA") standards for de-identification set forth in U.S. 45 CFR 164.514(b) and any applicable laws and regulations. Limited identifiers are sometime allowed to be included with the Data when unambiguously approved by the Data subjects or by an Institutional Review Board (IRB) or similar ethics committee.

Agora Users must be Agora Certified to contribute Data on Agora. Data contributors assume responsibility for the Data they publish or share through Agora and declare that they have the right to communicate or broadcast these Data. They have obtained all necessary permissions and, where legally required, prior specific, informed, and freely given consents from the participants from which the Data is derived prior to submitting the Data to Agora.

Sage Bionetworks does not guarantee the accuracy, integrity, or quality of Agora project content and is not liable for the content posted by non-Sage Bionetworks staff, as described in the Agora Terms and Conditions of Use.

Information Security

Sage Bionetworks maintains industry standard physical, organizational, technical, and administrative measures to protect the personal identifiable information we collect, store, or otherwise process in connection to Agora against accidental, unlawful, or unauthorized access, destruction, disclosure, misuse, alteration, or loss. The data security measures are a combination of Privacy-Enhancing Technologies (PET) options and policies/processes for data handling. Nevertheless, no environment is 100% secure. There is some risk that an unauthorized third party may find a way to circumvent our security systems. Users are responsible for protecting the security of their Agora login information.

For instance, we will retain personally identifiable information related to authentication of user identity only for as long as is necessary for authentication.

Users may choose to deactivate their accounts which will make their profile information invisible to other Agora users. We will retain and archive a record of User's activities performed while the account was active to use for audit purposes, legitimate business purposes, to comply with our legal obligations, resolve disputes, and enforce our agreements and policies.
